

Almanac, William John

Sept. 20, 1913

45
September 30th, 1913

Hon. M. J. Hanna,
Parliament Buildings,
Toronto.

Dear Mr. Hanna:

Last year Dr. Helen Macvurony acted for us in the University as the physical examiner for the women students with the view to their taking exercise in the gymnasium. She was chosen partly because she was on our staff in the Faculty of Medicine. I have not yet had time to consider the question of her successor, and the session is upon us. Could it be interfering with her work in the department if she were to do the examining for us this year also? I should be glad if you can see your way to permitting her to continue her work for us this winter.

With kind regards, I am,

Yours sincerely,

President.

Toronto, 2nd October 1913.

Dear Dr. Falconer:-

I am just in receipt of your favour of 30th, asking that Dr. Helen MacMurchy be permitted to continue for this year as physical examiner for your lady students in connection with the gymnasium until such time as you can consider the question of her successor. I have intimated to Dr. MacMurchy that there will be no objection to her doing this, and for that matter continuing the work should it be agreeable to you and her.

Very truly yours,

Robt. A. Falconer Esq., LL.D.,
President, University of Toronto,
TORONTO.

October 3rd, 1913

Hon. W. J. Hanna,
Parliament Buildings,
Toronto.

Dear Mr. Hanna:

Many thanks for your kindness in
allowing Dr. MacVurthy to continue the work that she
has been doing for us in giving the physical exami-
nation to the women students.

Yours sincerely,

President.
